This month WE LOVE...

...the colourful new look of these feeding bottles.

From February, Tommee Tippee's award-winning Closer to Nature range has a new look. The bottles now have embossed measurements that won't wear off and are also available in blue and pink as well as clear. They will still feature the same soft flex and stretch teats that make it easy to combine breast- and

bottlefeeding, but now they come in a new material that's free from the chemical Bisphenol A.

Prices start from £4.49. For more information call 0500 979899 or visit www.tommee-tippee.co.uk.

HOT SEAT

This stylish highchair is the latest addition to the super-cool, super-functional Brother Max range of baby products.

The Scoop, suitable from 6 months, rotates 360° and glides on cleverly-concealed casters so you can move it around easily. You can remove the wipe-clean tray to push it up to a table, and there's even a pneumatic lift system to make adjusting the seat height a doddle. At £219.99 it's not cheap, but it will convert into a stool for older children, so consider it an investment buy! For more info, visit www.brothermax.com.
